

Título: Killer Babies*

Música e letra: Rafael Cavalcanti

If i stop they say they'll make me lose my head
(and they're not kidding)

If i stop they say they'll make me lose my head
(they really mean it)

If i stop my head will fall down to the ground

So i wonder if i'll ever rest

I wonder what comes next

Oh, they want me for some more

They want what's in my thoughts

They say they're just trying to make me do my job

The way that i was taught to do

They say that i am the only one they have

They just need to be fed

And i've been trying to feed them
